TRAVELING INTERNATIONALLY?

Five Tips to Travel Smart from the Start

1

Check your passport's expiration date before booking flights

Many countries require six months of passport validity to enter.

2

Read the State Department's Travel Advisory for your destination

Learn if there are risks like crime, natural disasters, or wrongful detention.

3

Learn what you can bring to your destination

Avoid legal trouble or being denied entry for packing banned items.

4

Sign up for the Smart Traveler Enrollment Program (STEP)

Go to *step.state.gov* to receive State Department safety and security messages about your destination.

5

Save the contact information for the nearest U.S. embassy or consulate in your phone

Call them for help in emergencies, including lost or stolen passports.
